

Our realtor PROgram is simple and FREE. Here is how it works!

Your a realtor perhaps with a listing that has an outdated kitchen or other areas with cabinets like closet, built ins, mud room, etc. but the seller doesn't want to put the money out for any updates so it's making it hard to sell? Perhaps you have a client that can't envision a new kitchen in a space and so you're at risk of not closing the sale.

THE DETAILS

- We offer free measurements & concept drawings(Just email us or call us with a property that you're listing. We can either schedule a time to visit the property and/or provide lockbox access. We take measurements of the space then provide you a 3-D visual concept of what could be done in that space. Using our expertise in what is trending and selling well in our local market)
- Got an open house? We offer loaner cabinet door, countertops, and hardware samples as well as we will print your concept kitchen/ or other room project on large format 11x17 or 13x19 paper to display around the kitchen.
- This is at no charge to the realtor or home owner or buyer. All we ask is that you share these designs and concepts and our information so that the new home owner will consider us for the remodel.
- Sold the house and the new buyer loves the design we can even roll the remodel and cost into Escrow and preform the remodel before they move in.
